| Product Display Title:          | M12 Series Right-Angle Overmould Flex Body Connectors |
| Product Family:                 | Circular Automation Connectors                        |
| Product Series:                 | M12 Series                                            |
| Body Material:                  | PVC                                                   |
| Cable Length:                   | 2m                                                    |
| Contact Type:                   | Socket Contact                                        |
| Coupling Type:                  | Screw                                                 |
| Current Max:                    | 4A                                                    |
| Diameter Over Coupling Ring Mm: | 20mm                                                  |
| Function:                       | Right Angle Flex Connector Single Ended Cable         |
| Ip Rating:                      | IP67                                                  |
| Max Operating Temperature:      | +80°C                                                 |
| Min Operating Temperature:      | -25°C                                                 |
| Number Of Contacts:             | 5 Contacts                                            |
| Pin Layout Code:                | A Code                                                |
| Sheath Material:                | PVC                                                   |
| Thread Size:                    | M12 x 1                                               |
| Voltage Max:                    | 60V                                                   |
