S-KIT BOARD 2 BOARD 1.27

OMNIMATE Signal and OMNIMATE Power are PCB terminal blocks, plug-in connector and panel feedthrough terminal blocks for industrial applications with a focus on signal processing and power electronics.

Power for high currents up to 232 A and voltages up to 1000 V (IEC) or 230 A at 600 V (UL). The components are optimised for application-oriented design, efficient production and reliable application.

OMNIMATE Data are RJ45 and USB circuit board sockets for safe data transmission in the Industrial Ethernet environment.

RJ45 components from Weidmüller ensure reliable transmission with high data rates up to 1 Gbit/s. With different variants for THT, THR or SMT solder processes, the female sockets are suitable for all common techniques of PCB assembly. The different design types of the RJ45 circuit board sockets allow adaptation to the individual enclosure design.

General ordering data

Version	Sample kit
Order No.	2833740000
Type	S-KIT BOARD 2 BOARD 1.27
GTIN (EAN)	4064675420170
Qty.	1 pc(s).
Packaging	Plastic box

Creation date December 1, 2023 3:39:08 PM CET
